(SRI A. R. BADARINARAYANA)

3. The Members have made a statement that there is shortage of 70 teachers in Belgaum Taluk and 50 teachers in Khanapur Taluk. It has already been mentioned that the actual requirement of teachers is worked out on the basis of one teacher for 40 pupils. The Statement of the Hon. Members is noted and it would be further examined whether there is any need for additional teachers to the extent indicated by the members on the basis of the above ratio.

4. As has already been indicated, there is sufficient provision for meeting such contingencies after due verification.

Sri N. B. SIRDESAI.—I want to know from the Hon. Minister for Education what time would the Recruitment Committee take for recruitment of teachers ?

Sri A. R. BADARINARAYANA.—The Committee has been asked to select the candidates very soon.

Sri N. B. SIRDESAI.—Whether the Government consider the cases of the candidates who were selected and posted as teachers and who have gained a lot of teaching experience and whose services were terminated at the end of each year ; and whether such teachers are also required to put in application to the Selection or whether they would be selected *suo moto* ?

Sri A. R. BADARINARAYANA.—These teachers whose services are terminated stand on a different footing. They do not come within the purview of the Selection Committee.

Sri N. B. SIRDESAI.—May I know from the Government whether they are going to select 440 teachers who have already worked on a temporary basis and whether their services are going to be taken into consideration at the time of appointment ?

Sri A. R. BADARINARAYANA.—This question has been already replied to.

Notice of a question of privilege *re* : use of word Tollu (ತೊಳ್ಳು)

Sri GATTI CHANDRASEKHER (Gubbi).—I rise a privilege motion. On 29th June 1972 when Deputy Speaker was in the Chair, Sri H. D. Devegowda, Leader of the Opposition mentioned my name as Tollu (ತೊಳ್ಳು) Chandrasekhar. This matter has appeared in Prajavani newspaper at page 2. When I went to Shimoga, my lawyer colleagues showed it to me. I expect the hon. Leader of the Opposition to express an unconditional apology.

Sri H. D. DEVEGOWDA.—The newspapers might have wrongly reported. I have never said that word, I do not wound the feelings of any hon. member of this House.

Sri GATTI CHANDRASEKHER.—I have got the newspaper with me to show that word.

MADAM SPEAKER.—I shall verify it with reference to the records of my office.

Sri D. DEVARAJ URS (Chief Minister).—The Hon'ble Leader of the Opposition has not said that way. We shall take it as true. But let it be verified in the context of the fact that this has appeared in the Press. I think that is better.

MADAM SPEAKER.—I shall verify it from the records.

Statement by the Minister of State for Animal Husbandry *re*: Adulteration in Milk Supplied by Bangalore Dairy

Sri N. CHIKKE GOWDA (Minister of State for Animal Husbandry).—

Information about a case of adulteration has been received at the Bangalore Dairy. The facts are as follows :—

The milk at Seshadripuram is delivered on Route No. 11 of the Bangalore Dairy. The delivery time at Seshadripuram is at about 5 A.M. every day.

One of the Agents of the Bangalore Dairy at whose premises, the milk is delivered for sale to the public is Smt. B. V. Lalita. In one of the bottles of milk sold at this agency, a bottle of adulterated milk appears to have been sold to a customer *viz.*, Shri A. V. Telang who is an employee of the Hindustan Aeronautics Limited. In this adulterated bottle of milk, it was found that during the adulteration of milk, the cap of the bottle had been changed and that an old cap had been inserted on the bottle. The old cap which was apparently a discarded cap contained maggots on the cap. Some of the maggots were floating on the milk when the milk was poured out from the bottle into the vessel at the customer's residence.

The bottle of adulterated milk was sought to be handed over by Mr. A. V. Telang to the Police Station at Seshadripuram with a complaint. On hearing about this complaint, a prompt investigation has been initiated by the Milk Distribution Superintendent, Bangalore Dairy and the investigation is in progress. After an analysis of the milk, it was found that the whole milk had been adulterated with double toned milk and water (obtained from the lorry which was transporting the milk.) The three coolies who were unloading milk *viz.*, Shri Raghu, Shri Gopal and Shri M. Krishna have colluded and adulterated the milk with the object of pecuniary gain through sale of additional bottles of whole milk. The three coolies responsible for the adulteration have been forth with externed and debarred from entry
